

M3AA Memory Card + Adapter

Interface UHS I

Available capacities: 16, 32, 64 GB

Highest quality components

Increased endurance

Lifetime warranty

GOODRAM M3AA is a memory card based on UHS-I U3 interface. It enables to achieve read speed up to 95MB/s and write speed up to 90MB/s for 32GB and 64GB capacities and respectively 90MB/s and 45MB/s for 16GB. The most significant feature of GOODRAM M3AA memory card is its endurance. The 64GB memory card enables the user to save up to 12 000 hours of high quality full HD videos, where 32GB and 16GB enable up to 6 000 and 3 000 hours respectively. This represents a 10x improvement in endurance over standard memory cards.

Available capacities

16, 32, 64 GB

Card dimensions

15,0 × 11,0 × 1,0 mm
