The slim and elegant USB UNO makes transferring and storing data even more convenient and easy. The robust steel casing guarantees durability even in the toughest conditions.

The Chip on Board technology makes the memory not only resistant to damage but also waterproof and shock-proof, and the stored data is securely protected, so it can be used as an business gadget.

All GOODRAM USB flash drives are manufactured on the basis of carefully selected components and undergo multi-stage quality tests before they go out into the world, which is why we guarantee users a lifetime warranty.
