PX500 gen. 3 - Ready for everything

The third-generation PX500 NVMe PCIe 3 x4 drive offers a significant improvement in computer speed with up to 6 times the speed of SATA III SSDs. It is the perfect solution to the ever-increasing expectations from users who want to improve their devices at home or in the office. With a 2 TB capacity, the PX500 gen. 3 is ideal for a wide range of applications such as data storage, gaming, work and everyday use.

Fast and capacious

With read speeds of up to 3,500 MB/s and write speeds of up to 2,800 MB/s, you'll experience fast program loading and lightning-fast transfers for the ultimate working experience. Forget about long application loads or slow system loads. The drive's capacities allow you to store huge amounts of data, including large files, multimedia, applications and even the operating system, without worrying about running out of storage space.

Flagship technologies

Utilising a PCIe 3 x4 interface, the PX500 gen. 3 drive guarantees great throughput and performance even during heavy use, which is crucial for compute-intensive applications and fast data access. The drive incorporates a number of technologies that not only improve performance, but also enhance the durability and security of stored data.

Capacity without compromise

If you're looking for a solution that will store all your files, games, multimedia and applications in one place, a 2-terabyte SSD is the answer. Choose the reliability, performance and space you need, and enjoy the smooth operation of your computer for years to come.

Warranty and support

As a manufacturer, Goodram provides a 3 year TBW limited warranty with free technical support.

goodram

About us

Goodram is a brand of computer memory produced by the Polish company Wilk Elektronik.

Since 2003, the Goodram logo has been used for portable and computer memories dedicated to both individual customers and enthusiasts, as well as intended for use in applications, industrial machines and servers.

Over 30 years of market and production experience, proprietary engineering and R&D solutions combined with advanced quality control procedures guarantee reliable and innovative products of the Polish brand.

Goodram memories are already available all over the world, receiving positive reviews and recommendations from both consumers and industry experts.
